

Rockwell Part

Rockwell Part - AxleTech International is a premier provider in the globe of specialty vehicle drive-train systems and components along with off highway vehicles. The business prides itself on being its customers' preferred supplier. AxleTech strives to exceed and meet their customers' expectations for delivery, quality, service and technology. They believe in working in an atmosphere that supports the utmost integrity with empowered collaboration, together with a unrelenting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively utilizing principals of ecological safety and stewardship in how they do business. The business has put different programs in place so as to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whichever questions or comments, as they are happy to share and promote this policy with a greater understanding of their efforts. They are extremely devoted to preserving and improving the environment. AxleTech has an EHS program which not only protects the natural world but which even actively protects their employees and neighbors too.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in designing and manufacturing planetary axles used for both commercial and military applications. These applications range from construction equipment to airport ground support. AxleTech specially designs axles to meet specific application demands. They have more than one thousand different axle specs in their existing offering. With more than 100+ years of history and experience, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The company is well known in several commercial and military applications. They offer complete axle assemblies used for aftermarket replacement needs, together with servicing axle needs for OE production. Their high mobility ISAS have extra details which could be found in the "ISAS" product selection.
